RIDING FOR A CURE

JULY 24 – 30, 2011

Great Bicylce Ride Across Iowa

For 20 years, Dr. Melanie Comito has worked in the field of pediatric brain tumors and even after all this time there are still no effective therapies to offer a significant group of children diagnosed with some malignant types of brain tumors, such as glioblastoma multi-forme; brain stem glioma; atypical teratoid rhabdoid tumor and diffuse intrinsic pontine glioma. Funding for research is desperately needed. Dr. Comito is teaming up with family and friends, a team of riders and Kyla Miller Foundation to raise awareness and money for pediatric brain cancer research. The Fishcious Cyclers will be riding in the the 39th running of RAGBRAI this summer. Pledges are being accepted for this 454 mile journey across the state of Iowa in memory and honor of children with brain tumors. Per mile pledges will be based off of the team's daily log of how many miles they were able to complete on bicycle, not based on the total mileage of the ride. Help the Fishcious Cyclers and Kyla Miller Foundation's mission to find a cure for pediatric brain cancers! **For every $50 raised, a sign will be placed on a golf hole or golf cart at the August 19 4th Annual KMF Golf Classic at Felicita Resort! Credit card donations accepted at www.kylamillerfoundation.org/ragbrai.html.
